**We heard an excellent presentation of the two scheduled trips from our Day Trip Committee. There are about 39 people signed up for the Lancaster Walking Tour on Friday, April 21<sup>st</sup>!**

**We ALL need to promote the Penn's Cave Bus Trip on June 13<sup>th</sup>! We need 35 people signed up and paid by May 1<sup>st</sup> for this trip to GO. Flyers are available at the front desk at the clubhouse and one is included on page 2.**

**For longer trips, we decided to promote "Trip Champions" who find 'organized' trips and then promote them to their friends, neighbors, and travel club members. This is a way to start small and build traveling energy/synergy. So, get busy deciding where you want to go and then invite us to travel with you!**

**Dennis Civitella** will contact the Lititz TOA to discuss partnering with their travel club.

**Jordan Genetos** is promoting a trip to either Cleveland or Buffalo NY next April 6 – 9 (timeframe) for the 2024 Total Solar Eclipse! See the map at:

### The Cave Tour

A 45-50 minute tour of the all-water cavern, given entirely by boat!

See how dripping water has sculpted magnificent flowstone, curtains, cascades, and draperies against a background of pillars and gigantic columns.

### The Farm, Nature & Wildlife Park Tour

Enjoy a 90-minute tour given by bus through the Penn's Cave grazing pastures, mountain trails and forests.

See bison, foxes, wolves, black bears, plus other native NA animals, and walk through a natural butterfly garden!
